

South West Brexiteers Support Gathering at Cardiff

A cross party rally at the Welsh Assembly, Cardiff was supported by a number of constituents from South West England, on Saturday 13th January 2018.

UKIP South West members from Gloucestershire and Wiltshire were present on the steps of the Senedd, as the group called for a swift Exit from the EU, and no more government delays.

Despite a noisy reception by a counter Remainer demonstration, two speeches were made, from Luke Nash-Jones Chairman of the People's Charter Foundation, and Martin Costello of UKIP Swindon.
